

Care Coordination

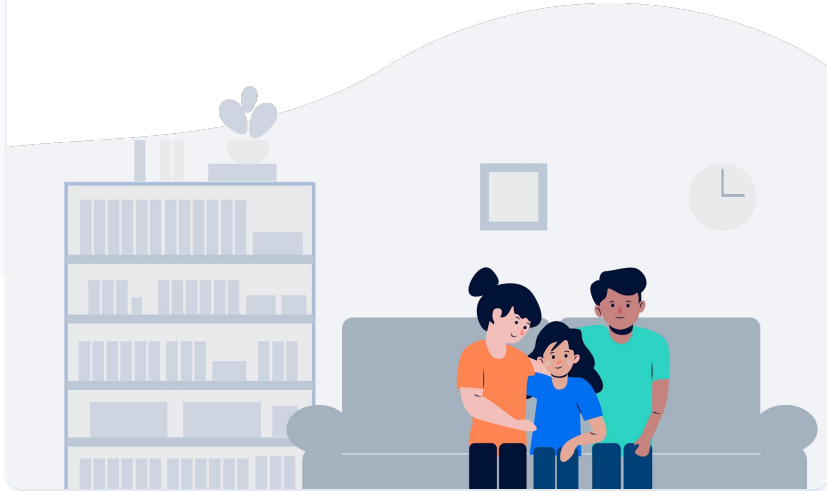

Every child should expect
to become a healthy adult

We Strive to Keep Your Students Healthy in and out of School

Care Coordination Program

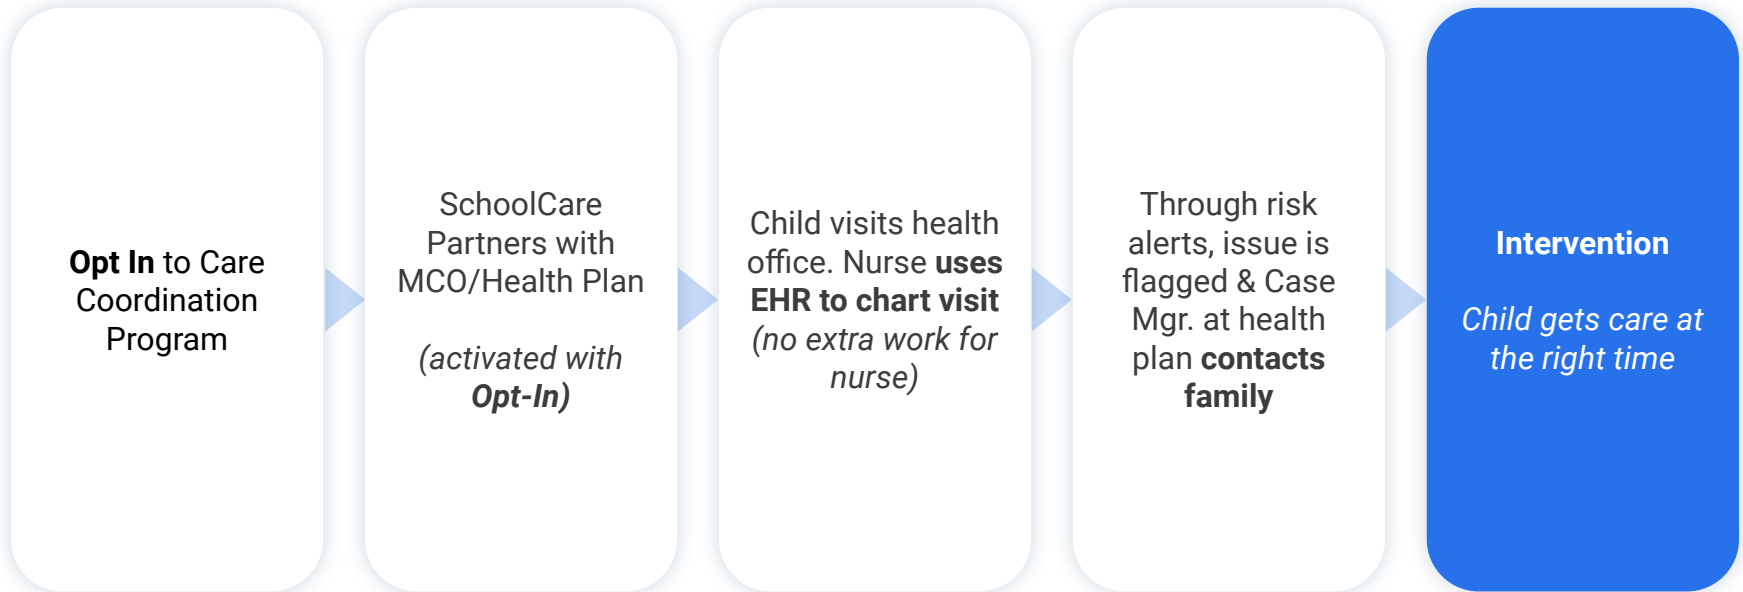

We partner with local health plans to connect families with no-cost programs to address chronic health conditions

No-Cost Services for Your Students

Doctors visits	Diabetes management
Asthma management	Special needs programs
Mental health services	Referrals to specialists
Cell phone access	Health condition diagnostic testing
Unlimited transportation for doctor visits	Surgeries (outpatient)
Developmental delay evaluation and treatment	Prescriptions
Hearing aids	Home healthcare
Labs/x-rays	Authorized therapies - physical, speech, occupational

How does Care Coordination work?

4 Steps to Better In-school Child Healthcare

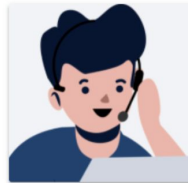

Keep your child healthy with more opportunities for their overall wellness.

1

Child visits the school nurse with a potentially serious health issue

"Julia has come to the nurse's office three times this week with uncontrolled asthma symptoms. I've let her mother know and SchoolCare sent an alert to Julia's Care Manager at her Medicaid health plan."

- Susan, School Nurse

Child's Care Manager is notified about new health risks

"SchoolCare sent me an alert about Julia's asthma symptoms. I can help by reviewing the environmental factors in her home and helping her understand how to use her inhaler. This is all free for Julia and her mother."

- David, Care Manager at Medicaid health plan

2

3

Parent is contacted by child's Care Manager with free programs and education

Julia's mom receives a message from the Medicaid Care Manager regarding Julia's asthma. The Care Manager discusses free programs and education to help Julia stay healthy.

Child gets the care they need at the right time

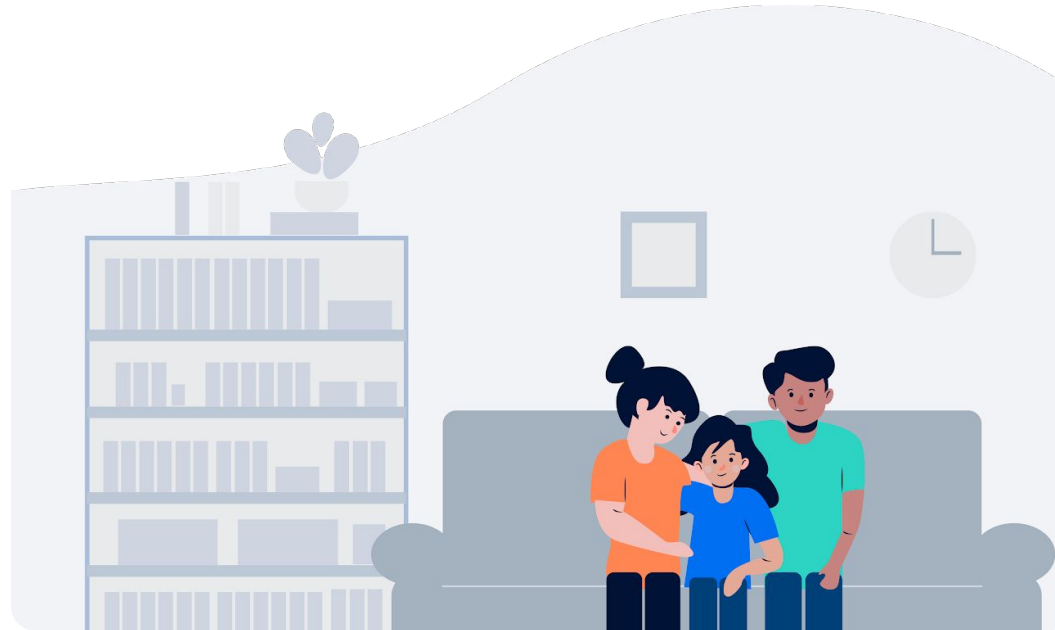

Julia's mom enrolls her daughter in a free asthma management program offered by their Medicaid health plan. One month later, Julia's asthma is improving and she has the skills to better manage her condition.

Care Coordination Opt-In

How can families opt in?

- **SIS Registration**
- **Student Health Registration (SHR)**
- **Family Activation**
- *Email Campaign*
- *QR Code*
- *Share link in newsletters, on school webpage, social media, etc.*

SIS Registration

SCHOOLCARE COORDINATION

West Clermont now participates in SchoolCare Coordination, a program that allows your child's health insurance plan to connect with our school nurses to make sure your child is getting the best possible healthcare. The program is completely free to you and is available if your child's health insurance plan participates.

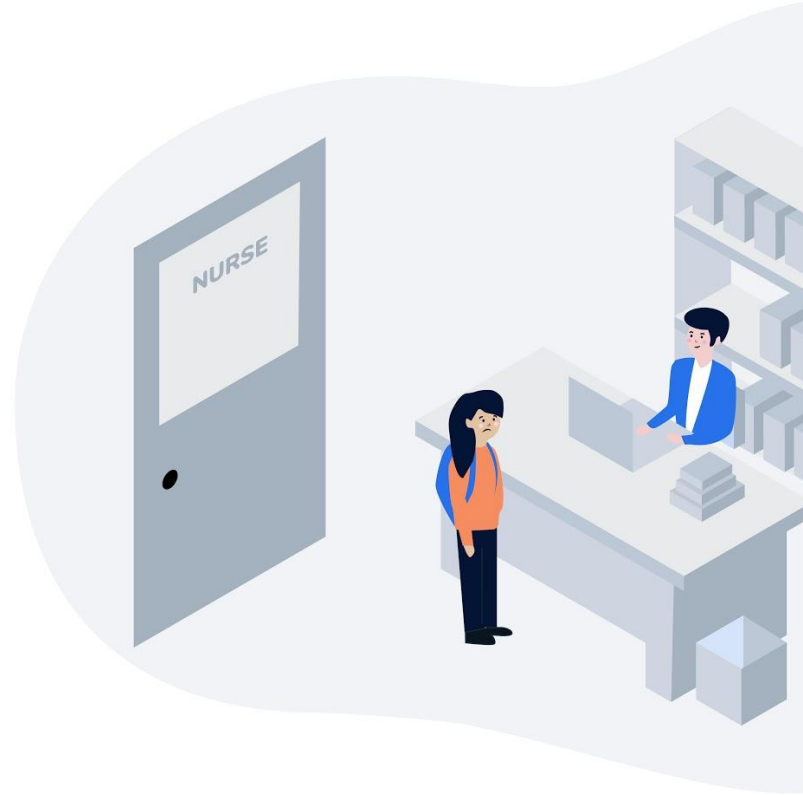

You must provide consent for your child to be eligible for this program. Please agree below.

☐ Yes, I would like my child to benefit from this program

You can learn more about the program [here](#). Please contact support@schoolcare.com if you have any questions.

Student Health Registration (SHR)

- Efficient way to annually collect a complete picture of students' health
- All information collected is populated in SchoolCare, no extra work for nurses!
- District selects which questions are presented to parents (early spring)
- District communicates when SIS rollover occurs and selects SHR date
- SchoolCare sends SHR via email to parents
- Care Coordination opt-in question is included
